Porta-Flex

Porta-Flex is portable and flexible

The Porta-Flex is a user friendly, portable welding fume extractor with built in filter. It has 2.5m flexible hose with magnet nozzle. Suitable for welding in confined spaces or difficult to reach locations. Perfect for service and repair work.

Efficient filtration

The filter cartridge has long life and efficient filtration. It is easy to change when it is full.

Uniquely easy to bring with you

Porta-Flex has a weight of just 15kg. It is extremely easy to carry with you as you roll the hose around the handle and fix the magnet nozzle to the outside of the filterbox. No 'Annaconda' hose which tries to strangle you when you carry the Porta-Flex. The Porta-Flex will be used!

Three versions

Porta-Flex 200 (1kW) 160m³/h.

Porta-Flex 200Auto (1kW) 160m³/h and automatic start/stop.

Porta-Flex 400 1+1kW) 230m³/h.

Hose 2.5m and filter cartridge is included. Nozzle has to be ordered separately.

30 YEARS EXPERIENCE!

30 years experience in design and manufacturing at your service.

The ALFI products are a combination of well-proven technique and progressive new ideas.

Product List

| | |
|--|-------|
