

CF-Eco Central Filter & Self-Cleaning Filter

Welding Fume & Dust Filter

- CF-Eco is made for welding and soldering fume and lighter dust. It is equipped with self-cleaning cartridge filter and built in fan with an aluminium impeller. The air volume at the diameter 200mm inlet is 2000m³/h (1200 cfm).

Jet Pulse Cleaning of Cartridge

- CF-Eco has a built in pneumatic self cleaning system which is very efficient.

Soldering & Welding

- Several extraction arms for welding or soldering can be connected to the CF-Eco filter over a 200mm diameter steel sheet duct.

HEPA Filter

- CF-Eco can be equipped with a HEPA filter as an accessory when it is used for stainless steel welding/ soldering.

30 YEARS EXPERIENCE!
30 years experience in design and manufacturing at your service. The ALFI products are a combination of well-proven technique and progressive new ideas.

Product List

CF-ECO	1.1kW/1 phase/240V/50Hz	P-560
CF-ECO	1.1kW/3 phase/415v/50Hz	P-561
Replacement filter cartridge, polyester		P-541
HEPA filter		P-544
