

## MF-Eco Jet Pulse Portable Extraction Unit

**Welding Fume and Dust** MF-Eco Jet Pulse is a mobile extractor fan and internally supported flexible arm combined with cartridge filter and built in Jet Pulse Cleaning system. No expensive replacement filters needed! It's the most economical filtering solution available for welding fumes and light dust.

**Jet Pulse Cleaning** Cartridge filter has "better than 99.9%" efficiency with extra cleaning convenience. Simply connect the hose to a compressed air line and it is clean in a minute with the built in Jet Pulse system.

**Flexible and economical** MF-Eco Jet Pulse is robust, yet easily manoeuvrable. Add to this the adjustable Alfi IS Extractor Arm, and you have a supremely versatile and flexible filtration unit - it can easily be moved between different work stations.
